Enhanced Protection with Gold Preferred

With Gold Preferred, virtually all major systems of your Nissan are covered, including Advanced Driver Assistance Systems (ADAS) such as intelligent cruise control system, camera systems, parking sonars, blind spot monitoring system, and lane change warning system.

In fact, the Gold Preferred plan offers exclusionary coverage\(^1\), the highest level of coverage that a vehicle qualifies for once it is outside the manufacturer’s warranty.

Silver Preferred and Powertrain Preferred plans cover the repair cost for mechanical breakdown of the parts listed on the Security+Plus Vehicle Service Contract (VSC)\(^1\) after your vehicle’s warranty expires.
